

# California Public Utilities Commission

## AUGUST 15, 2018, 10 A.M. CONCERNED ABOUT NATURAL GAS & ELECTRICITY SERVICE DISCONNECTIONS?

### Prehearing Conference

The California Public Utilities Commission (CPUC) is holding a Prehearing Conference as part of our efforts to adopt policies, rules, and regulations to reduce customer natural gas and electricity disconnection rates.

If you are concerned about disconnections and you potentially want to formally participate in our proceeding by becoming a party, please join us!

We have maps in our Residential Customer Disconnection Influences & Trends report at <https://bit.ly/2B8Im9l> that show areas with high disconnection rates across the state.

**Join us for this event and make your voice heard  
on natural gas and electricity disconnections!**

*The CPUC regulates privately owned electric, natural gas, telecommunications, water, railroad, rail transit, and passenger transportation companies.*

**You Are Invited!**

**August 15, 2018**

**10 a.m.**

**Hope to see  
you there!**

### LOCATION

CPUC Auditorium  
505 Van Ness Ave.  
San Francisco

**Listen-Only Call-In:**  
877-937-0554,  
Passcode 7031793
